

Suburban Tool, Inc.

Master-Edge Hybrid™ Aluminum Straight Edges

Lengths from 24" to 120"

Our new Aluminum Straight Edges are comprised of a 319 Cast Aluminum body with G2 Gray Cast Iron wear strips bonded to the working faces making it lightweight yet very durable.

The straight edges are precision ground to Suburban's exacting standards.

Master-Edge Hybrid™ Specifications

SE-18-ALI, 1" x 2" x 18"

Tolerances: Working surface parallel within 0.0002" / 12", & straight within 0.0002"/ 12".

Approximate Weight: 3 lbs.

SE-36-ALI, 1" x 3" x 36"

Tolerances: Working surface parallel within 0.0002" / 12", & straight within 0.0003"/ 12".

Approximate Weight: 20 lbs.

SE-48-ALI, 1-1/2" x 2-1/2" x 48"

Tolerances: Working surface parallel within 0.0002" / 12", & straight within 0.0004"/ 12".

Approximate Weight: 19 lbs.

SE-60-ALI, 2" x 4" x 60"

Tolerances: Working surface parallel within 0.0002" / 12", & straight within 0.0005"/ 12".

Approximate Weight: 30 lbs.

SE-72-ALI, 2" x 4" x 72"

Tolerances: Working surface parallel within 0.0003" / 12", & straight within 0.0006"/ 12".

Approximate Weight: 45 lbs.

SE-96-ALI, 2" x 4" x 96"

Tolerances: Working surface parallel within 0.0004" / 12", & straight within 0.001"/ 12".

Approximate Weight: 60 lbs.

SE-120-ALI, 3" x 5-1/2" x 120"

Tolerances: Working surface parallel within 0.0001" / 12", & straight within 0.0003"/ 12".

Approximate Weight: 135 lbs.
